

Solicitation PR-HQ-06-14071
OSWER Management and Analytical Support

Question 1. We have noticed that in attachment 8 of PR-HQ-06-14071, the Past Performance Questionnaire, the "Performance Elements" on page 8-3 of 6 are not the same as the "Ratings and Performance Categories" starting on page 8-5 of 6. Specifically, the Performance Elements "Effectiveness of Management, Meeting Technical Requirements, Compliance with Cost Estimates, and Customer Satisfaction," are not addressed in the Ratings and Performance Categories. Is there a supplemental section to the Ratings and Performance Categories that defines the ratings for these four Performance Elements?

Answer 1 : See Amendment 0002
